

Profitable Pastures Grazing School

With Steve Kenyon

Friday March 6th &
Saturday March 7th 2026
8am-5pm

Elizabeth Community Building
402 West St
Elizabeth IL 61028

Lunch Provided, Space Limited

About the Event

Attend this two-day educational event to learn practical strategies for land management and how to integrate pasture grazing into your farming operation. Hosted by the Jo Daviess County Soil & Water Health Coalition, the program features Steve Kenyon of Alberta, Canada, who brings real-world experience from managing more than 3,000 acres of farmland.

Topics

- Peopling the Business
- Water Systems
- Water & Fencing Systems
- Economics of Grazing
- Grazing Principles & GRASS
- Grazing Cells & Designs
- Winter Management
